Cyclones Swept Through Missouri, Iowi Only Outlines of the Disaster Yet Obtainable.

By Telegraph to The Times.

CHICAGO, April 1.—[By the Associated Press.] About 6:30 this evening the sky, which had been threatening all the afternoon, became densely black and in another moment a cloud-burst occurred. The wind blew a hurricane and swept everything before it. At the corner of Halsted and Pierce streets the cyclone blew down a seven-story brick building surrounded by one and two-story frame buildings, crushing em to the earth, killing three people and fatally or seriously injuring many

others.

In Thomas Hulett's house, immediately in the rear of the seven-story brick structure, the family were all at supper, when the brick building fell and crushed Hulett's residence. Thirteen were at the table. A six-monthsold babyowas crushed into a shapeless mass. Horace Mott, aged 5, and Eddie Mott, aged 2, were also instantly killed. The others were pinioned under the broken timbers and bricks and were soon rescued.

James McGowan, wife and son and Mary Walsh are missing and are supposed to be in the ruins. There is little hope that they are alive.

Gus Diech, a teamster, while driving along the street, was struck by a falling tree and severely injured.

THE STORM IN KANSAS.

Towns and Villages Wiped Out—Appalling
Loss of Life.

KANSAS CITY, April 1.—[By the Associated Press.] A tornado of mad de-structiveness swept over Kansas last night. Butler county seems to have suffered the greatest havoc. Tonawanda was wiped off the face of the earth and Augusta, a few miles distant, was buffeted out of all resemblance to its former self.

In Tonawanda the town was asleep when the storm swept down and not a house or building was left standing. The storm raised everything in its path and left dead bedies lying in its wake. Four have already been re-covered from the ruins searched. Twenty persons were fatally injured and forty more or less seriously, besides a large number slightly hurt.

At Augusta Herman Haskills, James Barnes and an infant child of Will Rhodes were killed outright. Fifteen others were hurt more of less seriously The wires are all down, and it is impossible to get a detailed account from

In Kiowa the Missouri Pacific depo and a number of buildings were demol-ished, and several mishaps are reported.

The damage to property was great.

At Wellington William Little's house was wrecked and Little and four children were killed. Joe Walker's house was carried from its foundation and the thirteen inmates were more of less in-

Butterworth's house, with its occupants, was carried several hundred yards and some of its occupants were

fatally injured.

From indications the storm swept over the country from the Indian Territory through Barbour, Frazier, Sumne ane Butte counties, carrying away vil-lages and farmhouses as it swept along. The tornado continued in Kansas and Northwestern Missouri, but there was ess destruction.

Atchison was visited by a tornado to-day at noon. Several buildings were unroofed and demolished and signs and awnings scattered in every direction.
The Santa Fé depot was unroofed, the scholastic convent demolished, Chrall & Co's. warehouse was destroyed and & Co's. warehouse was destroyed and the grocery store of the Taylor Com-pany is in ruins. The prison roof was carried off and the building partly de-molished. A small house in the Mis-souri Pacific yards was blown into the river. Hundreds of chimneys were blown down and a great deal of minor damage was done. Fruit suffered badly damage was done. Fruit suffered badly in the country. No one was injured. At Leavenworth the Great Western Stove Works were partially unroofed and work will be suspended for days. At St. Joseph nearly every telegraph and telephone line in the city was torn down. Numerous small houses were demolished and large ones unroofed. Thousands of dollars of damage was Thousands of dollars of damage was caused by the breaking of plate glass in store windows. In the eastern part of the city a brick house was blown down, seriously injuring a child. At the factory of Tootle, Hosea & Co., there was a stampede of several hundred girls when the wind tore a portion of the roof off. No one was seriously injured.

A dispatch from Lawrence, Kan, says: "The wind has been blowing a gale here since midnight. Many buildings are unroofed and houses demoished. The roof of the Haskell Hospital

ished. The roof of the Haskell Hospital was blown away and it was necessary to anchor the buildings with cables to prevent their blowing over."

In Kansas City the damage consisted principally of roofs blown away and plate-glass windows broken. The roof of the High school building was blown off. There was no panic, but the school was dismissed. Signs were blown down all over the city, some of them crashing through costly plate-glass windows in the center of the business portion. Telephone and telegraph wires were prostrated. There has been no loss of life. The greatest damage was suffered

Meager Particulars of the Great Cyclone's Work of Destruction. Омана (Neb.,) April 1.—[By the Assoclated Press. | Telegraph wires all over the State are prostrated and it is diffi-cult to obtain news of the extent of last night's storm. The Western Union has one wire in operation in Nebraska,

that being along the Elkhorn road.

A dispatch to the Bee from Norfolk in the northern part of the State, says that the northern part of the State, says that a cyclone struck there just before midnight last night and did much damage. If this is the same storm that devastated Nelson, destruction between these points must have been very great and the storm must have traversed 150 miles of the richest farming action, dotted with small cities and villages. In Omaha it is still blowing tonight and wires are down on all sides.

St. Joseph and Other Cities have a Disastrous Visitalion.
St. JOSEPH (Mo.,) April 1.—[By the

associated Press.] The storm at St. Joseph began at midnight Thursday, and continues at 9 o'clock tonight with unabated fury. There is hardly a house unabated fury. There is hardly a house in the city not damaged more or less and many barns and outhouses and fences are leveled. The loss aggregated \$50,000. The large trotting barn of the King Hill stock farm was totally destroyed, but all valuable stock had been removed before the building was swept away. The loss is \$5000. Three large school buildings were unroofed, but the pupils had all been sent home.

SITUATION AT SAN PEDRO. The America Ready for Sea on the Arrival of Her Crew.

There was no further trouble 'at San Pedro over the ship America, and the vessel has finished ballasting and taken ressel has finished ballasting and taken in her stores and is now ready for sea as soon as her crew arrives.

The following Associated Press dispatch was received from San Francisco last night, from which it appears that there may be a renewal of the trouble at San Pedro on the arrival of the Corona:

This morning the statute Corona.

Corona:

This morning the steamer Corona left this port for San Diego. Among her passengers were eighteen non-union sailors, who are to be landed at San Pedro-for the purpose of joining the ship America at that port and going with the vessel up north. It was also reported that Shipping Master McLaren of the Sailors' Union took passage together with a few Union sailors, who will use every effort to have the non-union men desert and not go to the America.

Previously considerable dimentites have attended the efforts of the officers on board the America to place non-upion men on the the America to place non-union men of vessel and after accomplishing the the sailors deserted.

April Fool Joke. Yesterday was April Fools' day and many people were victims of practical jokes. There is a young dentist down on Spring street who forgot that it was

the 1st of April, and when he received a hasty summons to go to the home of a young lady and extract a troublesome tooth, he gathered up his instruments without delay, boarded the first Seventh street car in sight and presently rang the bell at her door. The young lady herself answered the summons and was mystified when the anxious-looking deutist inquired if the tooth had been troubling her long and was it a molar or an incisor, all in one breath. Explanations followed and that dentist has a long, long account to settle with the man who perpetrated the joke. the 1st of April, and when he received

Whom it May Concern: I have been sick for nearly two years by suffering with pains in the back, head, coughing and weakness, and unable to get out from bed for lime. About three weeks ago, having called on Dr. Hong Soi for consultation, who unced that I was amfacted with kidney disease and lung troubles. He insure me by ng how and where it pains me; and also explained how and when I cough the most, at once I begin to try his medicine, which I found it to be a great help to me. I had his medicine fog three weeks and now I am well. This is to certify that Dr. Hong secured me of my sickness, and I am cheerfully recommending him to the public.

MRS. M. J. TEMPLE, 330 Winston st., Los Angeles Cal. Dated March 5, 1882

To Whom is May Concern: I have been sick with headache, pain in back and shoulders and keen pain in my lungs. I tried two doctors and they said I had the la grippe. Not be ing satisfied I came to Dr. Hong Soi. He kold me where there were any pains, and I took a few doses of his medicine and found it improved me very much, and after taken fifteer doses I find myself strong once more. Yours truly,

EPWORTH LEAGUE SOCIAL.

A large crowd of young people gathered in the parlors of the First Methered in the parlors of the First Meth-odist Church last night to enjoy the first social given by the Entertainment Committee of the newly-formed Ep-worth League of that church. Flowers in profusion—roses, illies and marguer-ites—decorated the rooms, and the hum of animated voices and occasional peals of animated voices and occasional peals of laughter indicated that the young people were enjoying the evening im-mensely. A short programme was given, which had the rare merit of given, which had the rare merit of closing when everybody was anxious for more. The president of the league conducted these brief exercises, which opened with a song, in which all joined heartily. Prayer by the pastor, Rev. Dr. Campbell, followed, and then Mrs. G. M. Smith gave a poetical quiz, which was very entertaining as well as instructive. A tubal solo, by Mr. Cuthbert, was a novelty and won an encore and a bouquet of roses. A vocal solo by Mr. Hare, leader of a church choir, closed the programme. Lemonade and wafers were served, and at a reasonable hour the leaguers dispersed, well hour the leaguers dispersed, well pleased with the success of this, their first social.

imples

The old ides of 40 years ago was that facial eruptions were due to a "blood humor," for which they gave potash. Thus all the old sarsaparillas contain potash, a nauseating mineral, that instead of decreasing, actually exeates more eruptions. You have noticed this when taking other Sarsaparillas than Joy's. It is however how known that the stomach, the blood creating power, is the seat of ellevitiating or cleaning operations. A stomach clogged by indigestion or constipation, vitiates the blood, result pimples. A clean stomach and healthful digestion purifies it and they disappear. Thus Joy's Vegetable Sarsaparilla is compounded after the modern ides to regulate the bowels and stimulate the digestion. The effect is immediate and satisfactory. A short testimonia to contrast the action of the potash Sarsaparillas and Joy's modern vegetable preparation. Mrs. C. D. Stuart, of 400 Hayes St., S. F., wifes: "I have for years had indigestion. I tried a popular Sarsaparilla but it actually caused more pimples to break out on my face. Hearing that Joy's was a later preparation and acted differently I tried it, and the pimples immediately disappeared."

Ten Innings Necessary to Decide the Hard-fought Contest

Not a Run Made After the First Inning Until the Last Half of the Touth-Ladles' Day a Great Success

Yesterday was "Ladles Day" at the ball park, and more than 500 members of the fair sex turned out to see the battle between the Duke's men and Glenalvin's giants. And a right royal battle it was, too. Ten hard-fought in-nings were counted off before the Duke's led the "Angels" by one run, and then only by the favor of a close decision on second in the tenth which will always be open for argument.

Lively ball was put up from the time Mr. Wright smashed out a hit past Jeremiah Denny in opening the game, until Mr. Ebright unkindly pushed the sphere out into the right garden in the tenth inning, bringing in Mr. McVey with the winning run. Although the evening shadows were creeping in on evening shadows were creeping in on the diamond when the last inning was begun, the ladies were so infatuated with the game that not one of them left until it was all over. Many of them had never before seen a baseball game, and the questions plied by them would make an interesting column. Messrs. Roach and Lookabaugh were the recipients of most of the attention of the ladies, as they seemed to be "doing most of the playing," as some one remarked.

Marked.
Yesterday's contest was the first extra-inning game played this season and both clubs fought hard for the rictory, the presence of the ladies in the grand stand apparently inspiring the players to almost phenominal work at critical

to almost phenominal work at critical points.

The game opened rather auspiciously for the home club. Mr. Wright's hir was too hot for Mr. Denny and "Rastus" scored on Mr. Tredway's doublete deep center. Then Mr. Glenalvin hit out to first base and Mr. Tredway scored on Mr. Stallings's high throw home, but the ladles set up a protest when the graceful second baseman was thrown out at third after a beautiful side, which appeared to be a very brave act. Mr. McCauley walked to first and scored on two yellow errors by Mr. William Everett, making three runs.

The San Josés came in and Mr. Stallings hit safe, followed by Mr. McVey. Mr. Everett waited for four poor ones and crowded the other two up a notch. Mr. Ebright hit a low fly to Mr. McCauley, who gathered it in and doubled up Mr. Everett. Then Mr. Denny picked out a nice one and lifted it over the left field fence just as easy as could be, and while he cantered around behind Messrs. Stallings and McVey the silence kept thickening until it could have been cut with the family carving knife.

The sorre now stood 3 to 8 and the

thickening until it could have been cut with the family carving knife.

The score now stood 3 to 3 and the gentlemen engaged in the game settled down to good, steady work such as is seldom seen on a ball field. Inning after inning was played and one goosegg after another was posted on the score-board until it looked like the score of the Democratic State Company. assets of the Democratic State Com-mittee the day after the last California election. More than once both sides had men on bases, but the splendid work of Mr. Roach and Mr. Lookabaugh, backed by the fielders, prevented any one from scoring. In the third inning Mr. Lookabaugh pitched only three balls to the Giants, and in the fourth Mr. Roach tossed only four balls across when Mr. Denny, Mr. Dooly and Mr. Clark were retired.

The Dukes came near taking the game in the seventh. Mr. Dooly, who is considerable of a "lady's man," delighted the fair spectators by rapping out a two-base hit to center field and Mr. Clark sacrificed him to third, but three men were retired before he got any further.

further.

The "Angels" also came near counting in the tenth. Mr. Rogers and Mr. Roach were quickly retired, but Mr. Wright reached first through Mr. Denny's favor. He purloined a bag and was presented with third by Mr. Lookabaugh. Mr. Tredway tried hard to bring "Rasty" in, but his fly was gathered in by Mr. Stallings.

Mr. Stallings was soon disposed of in the tenth, but Mr. McVey singled and stole second after Mr. Everett had

the tenth, but Mr. McVey singled and stole second after Mr. Everett had struck out, although from the press box it seemed certain that the fielder was touched out at second by Mr. Glenalvin with a couple of feet to spare. Mr. Ebright scored Mr. Stalling with a hit to right and the agony was over, the ladies appearing delighted with the afternoon's entertainment. Young Southern Pacific Engineer Whe Regularly Sheds His Epidermis-A Puzzle to Los Angeles Doctors.

Drs. Ainsworth, MacGowan, Murphy, Brainard and the entire medical college are considerably worked up over a po-guliar case that has been under their observation during the past week. The patient is Clarence Wasmington, well-known Southern Pacific engineer, who has put on seven new layers of skin

He was taken to the nearest doctor, and the wound was the nearest doctor, and the wound was dressed, but it is not believed that the hand can be saved.

ADJUTANT-GENERAL ED S. GILL of Arizona, accompanied by Surgeon-General Helm, made an attack upon W. L. Vail, city editor of the Arizona Republican at the office of that paper in Phoenix, last Monday. The details of the fracas are given in another place. Gill was armed with a dirk-knife and Helm with a pistol, but Vail managed to get the drop on them and sent them out of the like a couple of flagellated canines. It isn't always safe to tackle the Arizona Kicker. The supposed military men have prostituted their posi-tions and ought to be dismissed from the service. The army and navy of Arzona are in disgrace.

THE way in which the Canadian seaf ers are piling up their claims for damages against the United States for the restriction of their privileges to poach is a caution. It has only been equaled in recent years by the claims which the American sailors filed against Chile. When avarice is given full play to sail through the blue empyrean of fancy it is apt to float very high. The Canadian poachers are only beginning to feel their pinions. If the modus vivendi is renewed with England on the terms recommended by Lord Salisbury there will be a season ahead in which the Canadians may manufacture all in fact, will become a leading infamous crime or even a misdemeanor matter is submitted to the arbitration going to be cinched-that our country will not only lose the mare clausam, and thus suffer the loss of the seal industry altogether, but that that it will have a merry lot of damages to pay esides. There will be no such thing as backing out when the arbitration has been commenced. We must stick to it if the result sweeps away our last nickel. This matter of protecting seals in the open sea, if it exists at all, is a special right, and cannot be settled by the international laws of marine jurisdiction without suffering total or partial defeat.

The United States is already marked for a victim.

San Diego's Latest Grievance. The San Diego Union jumps upon the Atlantic and Pacific Steamship Company with considerable violence be cause It has transferred its Southern California landing from San Diego to Redendo Beach. This is not a broadgauge course nor in accordance with that spirit of Southern California unity which has been considerably talked about recently. When this company first took San Diego for its termina point, Los Angeles entered no objec tions on the score of local jealousy, but welcomed the enterprise with open arms, and patronized it. Speaking for THE TIMES we were glad to see any enwinter, when but little was doing in terprise started which promised for Southern California an open competiis said now that the population of the are that the Atlantic and Pacamp is now diminishing as rapidly as cific people found about nine-tenths of their Southern California business with Los Angeles and one-tenth with San Diego. Los Angeles freight landed at Redondo must be brought to this city by railroad, and San Diego freight landed there must be shipped back by water to that place. The cost in one instance is about the same as it is in the other, and the San Diego merchants get their freights at about the same figure as the Los Angeles merchants. The former play made a big hit in Australia some time back and the latter is a three-act farce which owes its foundation to the French, being somewhat on the same lines as h Nat Goodwin's Nominee and Mr. Withinson's Widons, a class of performances that we trust is crowding out the style of drama known as farce-comedy. The latter play made a great success at the Alcazar Theater, San Francisco, recently, and as many of the Alcazar people are now on the road with "The Strolling Players" no doubt the San Francisco success will be duplicated. The company includes Fahmie and Nellie Young, George H. Trader, Gerald Hertstett, George W. Bosworth and other actors of intelligence and capacity. Mr. Wyatt expects to repeat his Ole Olson success with this engagement.

POLITICAL POINTS

Free trade may have helped the manufacturers of Great Britain, but it has not helped the farmers. John Bright, on a memorable occasion, admitted that it had cost the farmers of the country \$1,000.000 in recent years.

The dark cloud of sorrow and adversity hangs over the Democratic party, says the Times Recorder, and the very worst part of the cloud is its silver lining.

TIMES. Texas, Hell a 4 So Forth.

Los Angeles, March 31.—[To the Editor of THE TIMES.] There is a snapping and snarling by so-called "old-timers" that should object, comment, or suggest anything regarding bad laws or practices. Perhaps I ought not to interest myself to benefit anybody, as my experience in Texas taught me what to expect. Profs. Tice and Vennor corresponded with me. About the 1st of April, 1882, I wrote to the newspapers that there would be a killing frost April 11 and urged farmers to delay planting corn. cotton, etc., a few days. My remarks were derided, and when the frost did come on time and cut everything down, there was a general howl: "Why did this man come to Texas and bring such frost and destruction should object, comment, or suggest anything

Subsequently I was asked to write "some more," and I declined, owing to the extreme warmth which had previously greete me—and though I made no invitation to others to leave the State I simply said what I do now to many, who don't like my views and will not accept my interpreta tions: "I politely permit everybody to get to hell their own way."

GILL IN A NEW ROLE.

The Jigadier-Brindle Shows Up in a New Character.

An Attempt to Clean Out a Newspape Office That Fell Down-The Doughty Warrior as an Assassin-

Ed S. Gill, adjutant-general of Aritona, who played a brief engagement in this city as "managing editor" of the late defunct Trombone, is just now receiving a very general "roasting" in the papers of the Territory, for the part taken by him in a scandalous case at Phoenix. Gill, it will be remem bered, was sprung upon the Los Angeles public by Boyce et al., and for a time passed as a great journalist, statesman and politician. He also had aspirations to shine as a society light, and his manly figure, clad in immaculate white tennis flannels, was a familiar sight on Spring street, as he paraded the sidewalk, racquet in, band, waiting for the street cars to convey him to his fields of conquest. Gill also aspired to be an orator, but in this line he was not a success, and aside from one speech before the Union League, when he enunciated his famous maxim, "Young men for council, old men for war," which brought down the house, he spoke no more in public, although there were rumors that on more than one occasion 'recitations' were indicted on helpless but more or less willing social gather

on the collapse of the Trombone Gill emigrated to Arizona, where he induced a number of politicians to put up the money and established the Phœnix Remoney and established the Phoenix Republican. Gill was afterward appointed Adjutant-General of the Territory, and when Wolfley went out as Governor, Gill went out of the paper, and has since been devoting his entire time to his "official" duties.

Gill has figured more or less in the

Gill has figuered more or less in the papers of the Territory, but his latest break is the worst of all, and shows the break is the worst of all, and shows the versatile young man in anything but a creditable light, and may result in retiring him to the walks of private life. It appears, that the Republican on the 27th of March published an item to the effect that a report was current that the death of a Mrs. Ennis had been caused by an overdose of membine, and that the relatives of the lady had threatened the life of Dr. Helm, the attending physician for the reason that they con-sidered he was to blame. Now. Dr. Helm also belongs to the Arizon "army," in fact, is Surgeon-General, or something of that sort, and a friend of Gill's, and it was determined to wipe out the insult in "blood." The story of how the avengers carried out their fell purpose is best told in the following article from the Republican:

ticle from the Republican:

Between 12 and 1 o'clock Monday afternoon, Dr. Scott Helm, who obtained considerable notoriety in the abortion case of Mrs. Alice White, Ed. S. Gill, at present Adjutant-General of the militia, and Ed Ennis, a freighter by trade, called at the Republican omce. Helm was armed with a dude's walking came and a "gun." Gill carried a dagger and Ennis was not armed, according to his own statement.

Messrs. Wolfley, Robinson, Mills and Vall were in at the time. Helm immediately inquired for the authority for the publica-

Messrs. Wolfley, Robigson, Mills and Vail were in at the time. Heim immediately inquired for the authority for the publication in Sunday's Republican, entitled "A Sad Case." He was told by Mr. Vail that the case was being theroughly investigated and the result would be published in the next issue. Helm then, in a gentlemanly manner (Helm always does things in a gentlemanly way,) called Mr. Vail a dam liar. The compliment was returned with compound interest; whereupon Helm raised his stick and struck at Vail, making a miscarriage; and immediately reached for his little "gun." Mr. Vail, however, find anticipated his intentions, and Helm was forced to back up against the wall. Ennist then stepped in to save Helm's person from being damaged.

During this little scene Gill, head of the militia, and principal peace officer, was crawling along the side of the counter like a dago, knife in hand, with the probable idea of shoving it into Vail's back. In this, however, he was disappointed—sorely, and the trio, who walked in with the expressed intention of doing the office up, walked out again—and glad of the privilege.

The Republican also pays its respects to Gill in the following salty editorial:

The assault made by Adjt-Gen. Ed S. Gill and Surg. Gen. Helm upon W. L. Vail, city editor of the Republican, in the office of this newspaper, on Monday afternoon, is generally characterized by the public as cowardly and scandalous.

The fact that Mr. Vail, though having no warning, displayed samcient presence of mind and nerve to gain the advantage over his murderous assailants and dismiss them from the office like so many whipped curs begging for mercy, is not to the credit of the assailants, but rather to the generous impulses of Mr. Vail, who allowed them to leave the office unharmed, after having made an assault with traives and pistols that would have justified him in instantly shooting both of them.

The position that Adjt. Geh, Gill assumed has been the subject of the severest criticism. There was absolutely no excuse for his disgraceful action in the matter, and his attempt to assault Wr. Vail with a murderous dirk-knife, without provocation of any kind, should render him subject to instant dismissal from the high military office which he is entirely unatted to hold.

The fact that he entered the Republican office armed with a dirk-knife, the weapon of the cowardly midnight assassin, brands him as entirely unworthy to hold any honorable position; and the further fact that he was only prevented by cowardice from carrying out his murderous intention is sufficient evidence that he should not remain at the head of the military forces of Arizona, composed of men whose duty and pleasure it is to uphold the dignity of Arizona and the prestige of the Stars and Stripes.

sona and the prestige of the Stars and Stripes.

When a military officer exchanges his sword for the weapon of the Dago, he is no longer entitled to respect, and should surrender the habiliments leved by honorable men, which he has disgraced.

The people of Arizona have some respect for the man brave enough to shoot an adversary in the face; but for the Dago assassin that stabs his ensure in the back there is nothing but the supremest contempt, and Adjt.-Gen. Gill by his action on Monday brands himself as of the latter class.

Talks with Several Leading Mining Oper. ators at Aspen—They Think it Would be a State Calam-ity to, Close.

ASPEN (Colo.,) April 1.—|By the Associated Press.] Considerable anxiety has been caused among miners, bus iness men, and, in fact, all classes of people in Aspen who are dependent solely on the production of our mines, on account of the price of silver. Rumors were rife regarding the closing down of several properties, whereby hundreds of men would be thrown out of employment. In view of these facts an Associated Press reporter called upon various mine managers and elicited from them expressions upon this a tenth of an inch of water and will vital subject.

Mr. Fred Buckley, manager of the Aspen Mining and Smelting Company, was first seen, and said: "No, we will not close down, for the present at any rate. A few men were laid off, but not many. Our chief production at present is a high grade of lead ore, carrying from ten to twenty ounces of silver. Of course so long as lead keeps up we can ship this ore; because it carries but little silver, being a desirable smelting ore. You can state positively that there is no intention at present of clossing down."

there is no intention at present of closing down."

Dr. Henry Paul, manager of the Aspen mine, said: "The owners, or rather those representing the owners of the Aspen mine, held a meeting in this city-very recently and after carefully looking over the situation and taking into consideration the fact that to close down meant idle men and the causing of want in a great many families, decided to operate the mine and at a loss-rather than lay off several hundred men, a majority of whom are supporting families. I would say, however, that in case silver continues at the present price any great length of time we would be compelled to cease operations."

Manager Palmer, of the Mollie Gibson, said: "Yes, work will go ahead on the Mollie as usual. We realize fully the great loss which will be incurred by continuing our over-production, but we prefer shipping ore and keeping the men in employment to closing down. Still, we are sure in case silver does not advance in the near future to reduce the working force. This I do not wish, and certainly trust will not be necessary, as I am confident silver will soon be considerably higher."

Frank Bulkley, general manager of the Bushwhacker and Park Regent, said: "The Regent working force has been slightly decreased on account of bad roads and the low price of silver. Montgomery (appellant) vs. Pacificoast Land Bureau (respondent.) Juneant and order reversed. On Ap 24, 1886, defendant, a San Diego restate corporation, sold on commission public auction a tract of land belging to plaintiff to A. and S. Hart for 9000. Immediately after the sale thearts paid defendant \$900, being 10 ir cent. of the purchase price, and plad in the hands of their legal advise an abstract of plaintiff's title to rise an abstract of plaintiff's title to thend for the purpose of obtaining the pinion as to its validity. Being adven that the title was defective the stated their objections, but plainthe stated their objections, but plaintifusisted upon the completion of the say as his title was perfect. Defending acceded to their demand and retued the \$900, although notified by white if not to do so, and plaintiff compress this action to recover the same imoney had and received to his use.

J. B. Goodlett (appellant) vs. St. Imo Investment Company et al. (resondents.) This is an action to foresose a mortgage for \$13,807.22, in which judgment was entered against the defendant corporation, as prayed fet. Plaintiff appealed therefrom, climing that it was erroneous on its fae in not ordering the deficiency judgment to be docketed against the intviduals composing the company, as will as against the association itself, and asking that the decree be modified to as to grant that relief.

io as to grant that relief.

The Supreme Court reverses the decision of the Superior Court of San Bernardine county, so far as it directs the docketing of a deficiency judgment against the company, but affirms it in other respects, and remands the cause to the swer court to find who were the members of the company at the date of the execution of the notes in suit, and to order the docketing of a deficiency judgment accordingly. judgment accordingly.

MUIT SERVE TIME OR PAY HIS FINE.

Amo Abbott appeared before Judge Van Dyke in Department Four yesterday morning upon a writ of habeas corpus, and by his counsel, C. C. Stephens, Esq., moved the court to discharge him from the custody of the sheriff on the ground that he had been lllegally committed to the County Jail by Judge Smith for contempt of court. Counsel for the petitioner argued that his client had been punished by Judge Smith, who fined him in the sum of \$400, with the alternative of 200 of \$400, with the alternative of 200 days' imprisonment in the County Jail, under Section 1218 of the Code of Civil Procedure, which reads:

Upon the answer and evidence taken, the ourt or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he is guilty of the contempt, a fine may be imposed on him not exceeding \$500, or he may be imprisoned not exceeding five days, or both,

Under this section counsel claimed that the defendant could not be sent to jail for more than five days, and that therefore he must be discharged.

Assistant District Attorney McComas for the respondent argued that if such a state of affairs existed the statute would be nullified, as it specifically provided for both a fine and imprisonment. He cited the case of ex parte Crittenden (62 Cal. 534.) in which the Supreme Court held that "the party in contempt may be fined, and in default of payment, stand committed unerit the contempt may be fined, and in default of payment, stand committed until the fine be paid," and the Court, taking this view of the matter, dismissed the writ and remanded the petitioner.

It is understood that the Supreme Court will be called upon to pass upon the question again while it is in session in this city next week.

ONLY TECHNICALLY GUILTY.

In the United States District Court yesterday morning Alonzo Coons of Bakersfield appeared before Judge Ross and by his counsel, Enoch Pepper, Esq., asked and obtained leave to withdraw his plea of not guilty to the charge of having violated the anti-lottery law. The defendant thereupon entered his plea of guilty thereto and his counsel made a statement of the facts in the case to the court. It was to the effect that Coons, who was formerly agent for the Wells-Fargo Company at Bakersfield had unintentionally placed an envelope containing a Louisiana lottery list with a pile of other letters upon his desk, all of which were subsequently deposited in the mail by his clerk during his temporary absence. The Court, however, found the defendant jechnically guilty, but only imposed a fine of \$1.

A libel suit was commenced in the

admiralty department of the United States District Court yesterday morning by Diedrich Bryns, a seaman against the brig Tanner, etc. (Capt. Brown.) to recover the sum of \$40.50, alleged to be due for wages. The libellant alleges in his information that he shipped on the brig at Wilmington on February 12 last, as a mariner, at \$40 per month. The vessel sailed in ballast to Eureka, where she was loaded with lumber, and arrived back at Wilmington on March 28 last. Capt. Brown then discharged the libellant, but only paid him \$25.50 of the \$66 due him, whereupon he libeled the vessel, her tackle, upon he libeled the vessel, her tackle, furniture and apparel, in order to pro-cure the balance.

Judge Ross yesterday heard and granted the petition of Receiver F. M. Pauly, of the Southern California National Bank of San Diego, for leave to dispose of certain assets, consisting of ten head of horses pastured at McCoy's ranch at Bernardo, and also a span of horses pastured in the Tia Juana Valley. The defendants in the case of W. W.

O'Melveny vs. S. A. B. Lamb et al., were yesterday granted ten days' addi-tional time by Judge Van Dyke in which to plead therein. to plead therein.

In Department Five yesterday morning the case of Annie Jenkins vs. George A. Alley et al., an action to foreclose a mortgage for \$600, came up for hearing before Judge Shaw, and the defendants having allowed the matter to go by befault, judgment was ordered for plaintiff as prayed for.

FELL TO THE GROUND.

The Charge of Forgery Against Mrs. Barrows Dismissed.

The Husband Swears That the Wife Had Right to Sign His Name to Checks -Peculiar Features of * the Case.

The sensational Barrows forgery case fell to the ground yesterday afternoon for the reason that the man, C. A. Barrows, who kicked up the trouble, swore that he and the fair defendant are hus band and wife, and under the laws of this State he could not testify against his lawful wife in a criminal proceed-

ing.
As was stated yesterday morning,
Barrows, who is at the Soldiers' Home, is too sick to appear in court, and early yesterday morning Justice Austin, the defendant and her attorney and the prosecuting attorney were driven to the Soidiers' Home, when Barrows's

sition was taken. He swore that he and defendant were married in Turtle Grove, Wis., in 1890, and have been man and wife ever since. He stated that the defendant had been in the habit of signing checks for him, and she must have believed that she had a right to sign it.

she had a right to sign it.

The whole affair goes to show that after Barrows left his wife and went to the Soldiers' Home he got it into his head that she would draw his money out of the bank, and he wrote to the cashier asking him if any checks on his account had been presented. The bank people wrote back that a woman had presented a check for \$800 signed by

him and that it had been paid.

He at once made his way to the bank and made such a row that the cashier made his loss good. At that time Barrows said nothing about his wife, and did not let on that any one had a right to sign his name. It is a singular case from beginning

to end, and had not the woman been to end, and had not the woman been frightened into returning the \$300 the bank would have been out and the case would have been dismissed just the same, for as long as the husband could not be compelled to testify a case of forgery could not be made out against the woman. he woman.

The law on this point is defective, and as long as it remains unchanged a dangerous class of criminals will escape punishment on this coast.

Hot Griddle Cakes.

Dr. Price's Cream Baking Powder possesses a peculiar merit not approached by that of any other baking powder. It produces the hot buckwheat, Indian or wheat cakes, hot biscuit, doughnuts, waffles or muffins. Any of these tasteful things may be eaten when hot with impunity by persons of the most delicate digestive organs. Dr. Price's Cream Baking Powder leavens without firmentation or decomposition. In its preparation none but the purest of cream of tartar, soda, etc. is used, and in such exact equivalents as to always guarantee a perfectly neutral result, thereby giving the natural and sweet flavor peculiar to buckwheat and other flour that may be used, the natural flavor so much desired and ap preciated by all. 'The oldest patrons of Dr. Prices powder tell the story, that they can never get the same results from any other leavening agent, that their griddle cakes, biscuits, etc. are never so light and never taste so sweet or so good as when raised with Dr. Prices Cream Baking Powder.

And perhaps \$5 extra for style and for the extra expense in conducting an exclusive business in Millinery and Cloaks. That is about the extra margin you pay. Our Millinery Department provides an artist as a trimmer. A first-class head milliner costs a little more than an ordinary one, but the other expenses are no more. The large extra trade we get more than makes up for this, and you get the advantage of a moderate profit that we can well afford to give. There is no business that draws more trade into a house than a first-class Millinery conducted upon the right principle. Who ever saw or heard of a lady passing a Millinery window without stopping to look in? They are all interested. We charge nothing extra for style. The goods are all marked at a moderate profit, and the extra large trade is showing the wisdom of this. You encounter good treatment. The salespeople are willing and glad to show you whether you purchase or not. Good treatment is better than low prices. When you get good treatment and with it low prices nothing more could be asked. It is well known we carry the largest stock in the city, and they are kept fresh with new arrivals, When a house is eternally running special sales and claiming to sell goods cheaper than all others, you always find the tension is too strong to last. When one string breaks another will before they can catch up the lines. All the bands of music in the world can not hold a business together. Good treatment, polite and attentive clerks, moderate and just profit and good, clean, fresh merchandise—there is the success, and that is largely increasing our business today.

To Escape:

To escape the worthless abominations offered under the title of Flavoring Extracts, and force them out of the market, rests wholly with consumers. They are the ones that have to suffer. Look upon cheap goods as evidence of their worthlessness. Pure articles cannot be sold as cheap as adulterated ones.

Dr. Price's Delicious Flavoring Extracts

are acknowledged to be the purest and the only scientifically prepared Flavorings in the market. Now used in a million homes and daily increasing in popular favor.

A meeting of the Committee of Ten, recently appointed to take steps toward entertaining the members of the National Ed Association on their coming visit to na, was held yesterday afternoon at the Pasadena National Bank. There were present: George F. Kernaghan, T. P. Lu-kens, C. C. Brown, Mr. Lawrence, W. H.

wiley and W. T. Vore.

Mr. Lukens was chosen chairman. W. S.
Glimore was put on the committee to succeed Mr. Herrick, and was afterward chosen to act as secretary of the meeting. W. T. Vore, W. H. Wiley and C. C. Brown were appointed a committee on transportation. C. C. Brown was chosen marshal for the day, and a committee on finance was appointed, composed of T. P. Lukens, chairman; C. A. Gardner and Theodore Coleman, of the Star, Mr. Lawrence, of the Crown Vista, and Mr. Gilmore, of THE TIMES. Messrs. Lukens and Kernaghan were named to call upon Walter Raymond to obtain his designation of the matter in the way of donating the use of some of his wagons for to act as secretary of the meeting. W. the accommodation of the visitors.

The National Editorial Association is the most important and influential organization of its kind in the country. Its members comprise a majority of the leading newspaper men east of the Rockies. Next month they will pay a visit to the Pacific Coast. They are coming for information, and have sen word that they do not want to have their time occupied with banquets and speech word that they do not want to have their time occupied with banquets and speechmaking, but want every possible opportunity of seeing the country and of posting themselves on all various details. They will arrive in Los Angeles on May 17. and the following afternoon will be spent at Pasadena. The committee decided that the most satisfactory plan of entertainment would be a drive about the city and possibly to some of their early arrival here. a lunch may be served before the drive. All the available teams will be needed to accommodate the party, and citizens will be asked to contribute as many as they can, and also to assist in defraying the necessary expenses, which will not be heavy.

the necessary expenses, which will not be heavy.

The visit of the association here cannot but prove of vast benefit. In the northern part of the Starr, where the importance of the trip seems to be fully appreciated, unusual preparations are being made for the reception of the visitors and a great deal of money will be spent in this direction. That it will prove a profitable investment no one can doubt, and if the resources and attractions of California are properly brought before the Eastern writers the country will receive a tremendous amount of the most effective kind of advertising.

Passadena wants to be in the swim, and by keeping pace with the procession and showing the visitors a first-class time, she will gain a high place in their affection and esteem, and the resulting "write-ups" will be carrespondingly gratifying.

The meeting adjourned to convene at the call of Chairman Lukens.

A SENSATION.

The case of the city vs. Albert Cohn, for visiting a saloon, was called in the Recorder's Court Thursday morning and some interesting times had, Judge Morton declined to sit in the case on the ground that he was interested and called for Judge Barnes. Westerman, the attorney for Cohn, objected to Judge Barnes trying the case and the City Attorney asked that the case be proceeded with. At this juncture Mr. Cohn left the courtroom for some reason, and the City Attorney called on the Court to stop him. The Court could find no officer and the City Attorney asked that matters go on. Westerman challenged the venire on the ground that City Marshal Lorbeer was biased and therefore not the proper person to summon a jury. City Attorney Sumner thought the venire all right and the complaint was called for, when the startling information was revealed that it could not be found. It had been in the keeping of Judge Morton, but he could not find it. A recess was taken till 1 o'clock, but still the complaint could not be found. The Judge looked faithfully among his papers but could not tind it. Westerman moved to dismiss the case, but the City Attorney would not barree, and a furtner recess was taken till? 2 p.m. yesterday to enable a further search being made for the missing complaint.

After suffering for years with stomach trouble I was at last induced to try Dr. Wong Him, of No. 689 Upper Main street. Los Angeles. He examined me and pronounced my trouble tumor in the stomach. After two months' treatment, during which time I felt greatly relieved and benefited, he pronounced me entirely cured, and from that time to the present, which is four months, I have not felt the least return of my old trouble. I am able to eat many things which formerly would distress me very much. Therefore I feel that I can do nothing else than to recommend the doctor to all who can be induced to try him. I hereby extend him my most heartfelt thanks for his services to me.

Tuesday morning preparatory work was begun on the grounds for the erection of the new County Courthouse, about which so much has been said during the fall and winter. The old fence, erected in 1872. was torn down and the fine, large trees in the yard cut down. Lines were drawn and stakes set for excavating for the basement of the building. The liberty pole presented by Gov. Waterman was taken down and cut by Gov. waterman was taken down and cup for fire wood, and a general clearing away of all obstructions took place. There is now no doubt about the erection of the building.

It is probable that a new mining excitement will be created here soon, for it is understood that extensive preparation is being made for the purpose of engaging in placer mining at Etiwanda, a few miles west of this.city. A man by the name of Thompson at that place has been panning some gravel in that locality and finds some beds rich in mineral wealth, and is having some steel pipe manufactured for carrying some steel pipe manufactured for carrying water for mining purposes. Within a few days something more definite may be de-termined, and valuable disclosures are looked for.

SKELETON UNEARTHED Yesterday afternoon, while the workmen were engaged at digging the large trench for the south wall of the new County Court thouse, some human bones were unearther. The pieces removed consist of the right an left femur, most of the left shoulder blad and the lower jaw, in which two molar remain in their sockets. They were found at two feet and six inches below the sur at two feet and six inches below the surface, and it is probable that other parts of the skeleton remain in the bank north of the excavation, but no effort was made to uncover them. From the length of the femur bones they appear to be those of a person below medium height. It is not known who may have been the possessor of these relics of a departed spirit, but it is generally believed that these crumbling bones were once confined within a redskin. The bones were crumbling badly when found, though this might not be taken as an indication of having laid long in the soil, as they lay buried in a loam, in which decay would take place rapidly.

In the afternoon C. Christenson was arraigned for contempt of court. From the examination it appeared that in the trial just concluded between P. Montanaro vs. C. Christenson, the latter had summoned a witness, John Jasper, and after bringing him to town it was discovered that he would do his side of the case no good. This fact was also discovered by the other side, and they desired to subpoma him. He was advised by Christenson and Harry Osborn to keep out of the way and avoid a summons, which he did. A warrant for contempt was issued for both Christenson and Osborn, but Osborn had not been tound when court convened. After a careful examination by Judge Cope, C. Christenson was fined \$200, or 100 days in jail.

Last week Constable Johnson, commonly called "Jerky," to designate a long-life practice at Mr. Johnson's in jerking wild meat near his mountain home in the west end of the valley, home in the west end of the valley, made a famous horse-thief capture. "Jerky" is not only a rough-and-ready mountaineer, and a dead shot, but is an intrepid and sagacious officer. And so it turned out that "Jerky" was the man, who, after a long and exciting chase, captured, at the muzzle of his faithful Winchester, a thief who had his stolen booty in his possession when he and the horses were identified by the officer from a description sent out by officer from a description sent out by Sheriff Gibson. Mr Johnson landed his man safely at the jail in Los An-

geles. Now comes the more or less famous Los Angeles Express (or, as its contemporaries designate it, the "Oxpress,") and writes up a whole column about this capture, but in it all there is no mention of the locality where the cap-ture took place, nor the name of the thief. So much for "metropolitan journalism." The capture occurred near Neenach, in this justly famous. Antelone Valley. Antelope Valley.

Secretary Curran, of the police department, yesterday finished his report for March. The total number of arrests for all rauses was 277. Total number of days worked on the chain gang was 1012, an increase of 246 over any previous month. The saving to the city by having the cooking done in the prison was \$254.26.

Ing done in the prison was \$254.26.

At the Busy Bee shoe house today every lady patron will receive an elegant half-pound box of Bishop's finest French candles free. Professor Romandy will discourse the latest music, and a great time will be given every customer in the way of unusual pargains. The Busy Bee is rapidly disposposing of Lewis's stock and are the most energetic hustlers in the business.

energetic hustlers in the business.

April fool jokes were in order yesterday, and both the police and police justices were kept in hot water all day. Justice Austin was arrested by a deputy sheriff and taken before Justice Owens on a serious charge, and he did not tumble to the joke until the and ne did not tumble to the joke until the prosecuting witness was sworn. His face was a study until he suddenly remembered that it was All Fools' day, when he put on his most imposing look and walked out of the courtroom.

PERSONALS.

Harry Patton, of the Banning Herald, is Mr. and Mrs. C. B. Goodell left last evening via the Southern Pacific for an extensive trip East. They will be absent several months.

H. S. Turner, traveling correspondent of the West Coast Building Record of San Francisco, is in the city on a visit. He is the guest of Officer Goodman.

mrs. W. H. Rardon left yesterday on the noon train for the East, to meet her hus band, who has been there on a business trip for the past two months. They wil visit friends and relatives in Minneapolis Chicago, Cincinnati and other cities.

RAILROAD AFFAIRS.

Passenger Agents Worried Over the Rate Situation.

Fast Time Will be Made on the Southern Pacific.

Mr. Huntington Coming to California by Easy Stages.

Special Baseball Train-A Local Appoin ment-Excursions to San Diego-General and Local Railroad Mention.

Another attempt will be made to hold a meeting of the passenger, agents in Los Angeles, and Assistant General Passenger Agent Crawley, of the Southern Pacific, has sent notification of this fact to all who would be directly interested. The date of this meeting is not known, but it is stated that representatives of the Santa Fé will be present on this occasion, and the rate situation, in all its bearings, will be discussed with the view of establishing a firmer basis, in order that the traveling public basis, in order that the traveling public may again feel at ease on the subject. At present the travelers who pay full tariff have a lurking suspicion that they could have saved money if they only knew how to manage it, thinking that some one else might, possibly, succeed in getting a lower rate.

SHORTENING TIME TO SAN FRANCISCO. An Associated Press dispatch from San Francisco says it is stated that the Southern Pacific people are working on a new time card, to take effect about April 15, which will reduce the time between that city and Los Angeles to eighteen or nineteen hours. Instead of going by way of Lathrop trains will be run over the new route by way of Goshen. This will cut off a big curve and afford a long stretch on the level new road on which to make time. The change will go into effect between the 15th and 20th of this month.

A SPECIAL BASEBALL TRAIN. The Southern Pacific will run will reach Los Angeles at 12:49 noon. This is for the accommodation of the people of Ontario, Pomona and inter-mediate towns wishing to see the base-ball game. Returning the train will leave Arcade depot at 6:30 p.m.

WARSHIPS AT SAN DIEGO. Assistant General Passenger Agent H. K. Gregory, of the Southern Cali-fornia road, last evening received a dispatch saying that the French man-of-war Champalin has arrived at San Diego, and the United States man-ofwar Baltimore will arrive there today to remain over Sunday and Monday. San Diego Bay is becoming quite a rendezvous for fighting ships, and the the Southern California road will carry many visitors down there to see them

SCRAP HEAP. The Judsons had a carload of excur-sionists for the East yesterday. Mr. Mitchell, agent for the Blue Line at Kansas City, is visiting in Los An-

It is currently believed that Jay Gould intends to relinquish control of the Southern Pacific. The Santa Fé overland was reported

a few hours late yesterday on account of the storm in the East. E. A. Holbrook, of the Chicago and Northwestern at San Franciseo, came

down to Los Angeles yesterday to look after affairs here. It is said that J. V. Bogue, the engineer, is in the San Joaquin Valley making rough surveys for the California

Midland, as it is called. Alden Speare of Boston, a director of the Santa Fé company, made a trip over the Kite-shaped Track in company with General Manager Wade and was highly pleased with what he saw.

C. P. Huntington and party may be expected to arrive some time today. As Mr. Huntington inspects his railroad as he goes along and does not travel at night his progress overland is not very rapid.

F. B. Myer has been appointed traveling freight and passenger agent and E. N. Willis freight contracting agent of the Chicago, Milwaukee and St. Paul. Both appointments will go into effect on April 1.

A. Forman, who for some time past G. F. Herr, of the Union Pacific, in this city, has been appointed ticket agent for the company with headquarters in the passenger office.

The rumor of the resignation of C. S. Mellen as general traffic manager of the Union Pacific, mentioned in this paper several days ago, is confirmed. It is understood that J. A. Monroe, the present general freight agent will succeed Mr. Mellen.

J. G. McCall, Pacific Coast agent for J. G. McCall, Pacific Coast agent for the Erie lines, was here yesterday vis-iting the passenger agents. Mr. Mc-Call has been in the passenger business on this Coast since stage-coach days, and some of his reminiscences of early days are really thrilling.
